UNDERGRAD OFFICERS

JUNIOR CLASS OFFICERS — Ramsey Coates, president; Carol Humphery, secretary; Karen Anderson, vice-president; Jackie Carr, treasurer.

This year the undergrad Executive Committee and officers were very active throughout the school.

The Junior Class had numerous projects with which to keep busy. Among them were the Junior Class paper drive, on which they made over \$100. The Executive Committee also selected the three styles for next year's senior rings. Besides this they also had to select the theme and sponsor the annual Junior-Senior Prom.

The Freshman and Sophomore Executive Committees tried hard to give their leaders experience rather than directing many actual projects.

We realize that our undergrad leaders are our senior leaders of tomorrow. We are confident that they will lead the student body in the future in the same tradition as has been established.

SOPHOMORE CLASS OFFICERS: Betty Peterson, treasurer; Vicki Smith, secretary; Kay Conley, vice-president; Vic Glogovak, president.

THE WORST OF WALTER SCHWARTZ

Our roving cameraman Walter (Flash) Schwartz has taken many pictures during the course of the year some good, some bad. On the theory that you can find exciting, interesting, artistic pictures anywhere (just try Life or Look or if you look really hard even this book) we present here some of the least interesting, least exciting, least artistic pictures we know of, which Schwartz proudly claims as some of his very worst.

HOW SHARP ARE YOU?

CAN YOU FIND THE HIDDEN MISTAKES IN THIS BOOK? Cleverly and craftily we have deliberately placed typographical errors, misspelled words, incorrectly labeled pictures, etc., throughout the book so that you can test your ability in finding them. You will receive 1 point for each error you find. To compute your score, add the number of

whooping cranes held in captivity in 1947, divide by 6 times the year King George III had his adenoids removed, multiply by the total number of undernourished Chinese, and divide by the gross national product of Latvia, subtract the date of your birth (if you were born before March 7, 1685) and then rate yourself by the accompanying chart.

SOCIAL STUDIES

Social Studies provides an understanding of man's nature and activity as an individual and social being through examination of the economic, political, and social forms in which that nature manifests itself. Especially at upper grade levels M-RH provides a suitably varied study of man in society.

The scientist seeks to solve the questions how and why. As an afterthought he asks himself how these findings will affect mankind. Above all, science emphasizes the use of methodical reasoning to solve its problems.

MATH

Mathematics, or its result, is always close at hand. It spans our lives from the insignificant incidents to the cardinal events. Medicine, Chemistry, Physics, Architecture — all sciences are spokes of a wheel the centre of which is mathematics.

Pure mathematics deals solely with relationships and developments within the subject of mathematics. Applied mathematics is the application of the mathematic lexicon through the other sciences to benefit mankind.

The function of the math department is to impart a substantial knowledge of pure mathematics to the student.

The 1962 football season can best be summed up as a season of trials and tribulations for Coach Hanners' Blue Devils.

Upon the commencement of basketball and wrestling, we could look back on the season with both heartening and disappointing memories. The most heartening moments were the upset victory over Hazlewood and our victory over St. Charles. The disappointments arose when several of our starting players were sidelined because of injury. The loss of Steve Mitchell, Jim Counts, Jeff Coates, and Steve Smith hurt the Devils toward the end of the season.

The 1962 Blue Devils posted a 3-2 league record and an overall record of 5-3.

FRESHMAN SCHEDULE

This year, the freshman football team scored a total of 81 points, which is the highest team total in recent years. They scored an average of 16 points per ball game while limiting their opponents to an average of 9 points per contest. A powerful running attack spirited the team to three victories while dropping only two encounters.

Coach Palumbo says that there is much talent on the freshman football team for the future years at Maplewood-Richmond Heights, and in the near future, he predicts that Maplewood's football teams will be among the best in the area.

The Junior varsity playing a somewhat shortened schedule, posted a 2-1 record.

Maid, Frana Van Bergen

Homecoming Queen, Sally Costello

Maid, Sandy Sajovetz

The 1962 football season at M-RH was climaxed by the homecoming games and festivities.

The night before the game, a bonfire was lit in the corner of the football field. An effigy of a Webster player was tossed into the blazing flames. As the fire burned, students, led by Maplewood cheerleaders cheered and sang school songs.

Then the awaited moment arrived. The an-

nouncement of the homecoming court was at hand.

Sally Costello reigned as queen, her two maids were Sandy Sajovetz and Frana Van Bergen.

The following night at the game, the queen and her court were escorted in front of the crowd. They stood with their escorts Jim Scheidt, Steve Mitchell, and Gordon Black for pictures and congratulations.

"On Blue Devils" was the favorite cry of the M-RH cheerleaders this year. Whether they were cheering for the football team or for the round-ballers, their main objective was generating school spirit for M-RH teams.

The cheerleaders were chosen in the spring of last year by the student body and the faculty.

They practiced throughout the summer twice a

week. In August, the cheerleaders attended a clinic where they learned new cheers.

A football pep assembly and pep parade were planned by the cheerleaders this year.

The M-RH majorettes also were a boon to our teams throughout the school year. Working with the band, they provided entertainment at half time for the home football games.

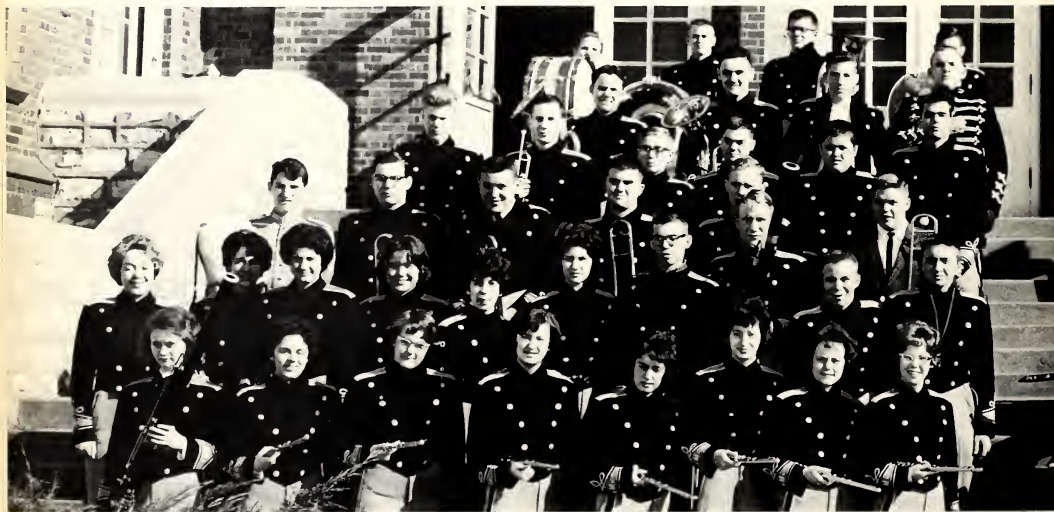

ROW ONE: G. Ruhland, B. Peterson, L. Lewis. ROW TWO: J. Barnes, C. Finlay, J. Goode.

The John Phillip Sousa Rejects illuminate half-time.

The M-RH Band, housed in new, luxurious, and easily breakable quarters, heightened Fall by playing at all home football games and marching in the Veiled Prophet parade for the third glorious and ghastly year. The band, bigger than ever and numbering almost one hundred, gave several concerts

throughout the year and climaxed activity for the year in participating in the annual Music Festival in which high school music organizations throughout the county participate. Most of the music played by the band this year was popular or serious modern by contemporary composers.

ROW ONE: A. Olsen, J. Wagner, C. Holthaus, J. Longwith, M. Avery, E. Metz, M. Schneider, E. Worthington. ROW TWO: J. Hewitt, S. Denny, L. Hampe, K. Mowrer, J. Stout, S. Suffian, B. Miller, J. Schurig, M. Powell, D. Labitzke. ROW THREE: S. Johnson, J. Gilstrap, D. Weiland, B. Kzeil,

The M-RH Dance Band, headed by Mr. Jean Chard, participated in a variety of activities this year. The Dance Band made several appearances at local elementary schools, formed the base for the assembly and Bye-Bye Birdie bands, and competed

with other bands in a dance band clinic directed by the members of the Indiana University Dance Band. Practices were held at 7:00 A.M., and occasionally attended by all the members.

VIVACIOUS PEP CLUB VOCALLY VITALIZES VALIANT VICTORIES

"We're going to fight with all our might, we're going to win this game tonight!" This prophesy came true many times this year partially due to the undying spirit of the Pep Club.

This year the Pep Club did much to promote school spirit in cheering our team on to victory. New cheers were learned and these were echoed through the gym and across the field at games.

Line-up programs for football and basketball games were sold by volunteer members.

Pep Club also provided the bouquets of flowers presented to the Homecoming Queen and Maids at the Homecoming football game.

NATIONAL HONOR SOCIETY

OFFICERS: J. Van Meter, Treasurer; J. Brueggeman, Secretary; J. Hulsey, President; D. Johnson, Vice-President.

The National Honor Society, or Torch, shifted its activities from the traditional Spring setting to Fall and Winter.

After the election of officers the Society decided to send five representatives to the Missouri National Honor Society Convention held at Columbia on November 3. Among the decisions reached by the Convention was that Torch should be an active organization to the extent that it make its purposes known throughout the school.

Following through with the idea, Torch announced the selection of its new members, 13 seniors and 23 juniors, in an all school assembly. The official induction ceremony was held on December 13. Torch members cannot exceed 15 per cent of the upper third of the class scholastically and must fulfill the Society's other goals of high character, service to others, and leadership.

THE JUNIOR SENIOR TALENT SHOW

Refugees from a gymnastics class.

Our Angry Young Man.

The annual Junior-Senior Talent Show was part of the autumnal activity at M-RH. Co-hosts for the performance were senior Jamie Hulsey and junior Steve Rascher. An interesting variety of talent was displayed, ranging from ballet to a dynamic bit of pie throwing. Here are a few of the sterling performers caught by our camera at this memorable event.

MATH CLUB PROBES NEW AREAS

OFFICERS, Left to Right: J. Mayhew, Vice President; J. Bruggeman, Secretary; J. Hulsey, President; J. Van Meter, Treasurer.

The Math Club, one of M-RH's most active and best organized clubs is affiliated with the National High School and Junior College Mathematics Club. The purposes of this organization are to complement the members' knowledge in this subject and to create an interest in higher mathematics.

Members must hold a high overall grade average and demonstrate an interest in mathematics. The initiation ceremony was held in October. A field

trip was also planned (under Miss Smith's guidance) to the new planetarium.

Each year a topic is chosen by the members and specific areas of this topic are studied by small groups of members who share their knowledge with the organization as a whole.

Matrix algebra, a new number system, was given a great deal of attention by members both old and new.

TRI-HI-Y

Tri-Hi-Y is an organization for girls which work in close connection with the Y.M.C.A. and Y.W.C.A.

Numerous programs are offered to the girls in which they learn more about other countries and their own.

One such program is the world Service Organization which informs members about what the youth all over the world is doing. Films and lectures and discussion groups help to increase interest.

Another program in which Tri-Hi-Y is engaged is the Youth and Government Program. Many students in Tri-Hi-Y and H-Y (a similar boy's organization) simulate the actions of Missouri legislators, judiciaries and executives. They meet at a convention held at Jefferson City, for three days in April. The members meet at preliminary convention to elect officers. Then delegates are sent to the convention as senators or house representatives. The students introduce bills to the legislature, enact mock court cases and debate on the House and Senate floors.

Tri-Hi-Y also has money making and charity projects. This year, for instance, the girls had bakesales and other money making projects. Service projects included visiting mental hospitals, hospitals and childrens' homes with gifts.

The girls also met with other Tri-Hi-Y members on several occasions for discussions on dating, parent problems and so on.

The members also received membership cards and triangular pins.

With attitudes alternating from delirious enthusiasm to gloomy depression Fall brought on the launching of the 1963 Maple Leaves. One of the staff's first acts was to take the motto "Caveat Emptor" (Let the buyer beware, for those of you who didn't take Latin). Looking through the pages of the book we realize how apt our motto was.

We determined to do things as differently as possible this year. Sometime during December that determination fell apart. We attempted to create a more integrated and coherent book by dividing the book into seasons and placing events, activities, clubs, etc., in the seasoned section which was most fitting, we added color to the division pages (100% peacock

blue). Also among these different things was the wanton violation of the sanctity of every locker in this school by a nefarious advertising method known as locker stuffing.

Before we run out of space we would like to thank those in the scurvy crew pictured above and the multitude of others not pictured who worked slavishly to keep that frequently leaky vessel, The 1963 Maple Leaves, from capsizing.

In conclusion, looking back over these months of hard but honest toil, we can sincerely say that it was hectic; it was fun, we wouldn't do it over again for all the gold in Fort Knox or its competitor, the G.A.A. treasury! Now where is our Pulitzer prize?

"Help! I am being held prisoner in a Chinese laundry, etc, etc. . . ."

Well, back to the old drawing board.

UNDEFEATED ON HOMECOURT

This year, we at Maplewood, had the rare opportunity of seeing the finest team in the history of Maplewood High School. The 1962-63 Leafs posted a 28-2 record, which was the best record in the St. Louis area and the best record in the history of Maplewood High School.

The high-scoring Leafs had a well-balanced attack in Matthew Aitch, Glen Huff, and Bob Lange, who all averaged well into double figures. They averaged 45 points per game among them. Matthew Aitch scored the remarkable total of 555 points in the season's play. Huff scored 457, and Lange scored 254.

The accomplishments of the basketball team were remarkable. Besides having the best record in Maplewood's history, they won the South County Championship with an 8-0 league record, won their own tournament and the conference tournament as well, had a 19 game winning streak, and were undefeated on their home court!

All year long, they were being considered as a likely contender for the state championship. They placed second in their regional, losing the final game to C.B.C., 57-56 in a hard fought contest. This was the only sad note in an otherwise glorious season.

Upon the conclusion of the season, Coach Howdy Sanders said, "I am very proud of my boys. They played hard all season long. I believe this is the best team in Maplewood's history."

The co-captains for the 1962-63 season were Matthew Aitch and Glen Huff. They were elected by a vote of the team. Matthew averaged 18 points per ball game while his co-captain averaged over 14 per contest.

The purpose of the French Club, sponsored by Mrs. Louise Judson, is to acquaint its members with the culture and traditions of contemporary France. Membership in this club is open to all present and past French students; meetings are held bi-weekly.

The club's first major activity this year was a

Christmas party at which members sang and learned about French Christmas customs.

During the winter the club published a newspaper for its members written in French and dealing with Gallic subjects. The club also planned to visit places of French influence in the St. Louis area.

President Vernon Swofford (Left) and Vice President Jack Rutter engage in grueling competition while Quartermaster Gary Brand, Treasurer Bill Keel, and Secretary Alice Olsen kibitz.

ISN'T IT THE SAME AS CHECKERS

The Chess Club, restored to the MRH scene after a year's absence, was composed largely of new, eager and inexperienced members. Many of the members had little or no knowledge of the game (hence our sarcastic and unfair headline above) and most members spent Fall familiarizing themselves with or sharpening up their game. New chess sets and boards were purchased to accommodate the increased membership.

During the winter the organization voted to enter the Kappablancas Chess Club which would give the club the benefit of adult instruction and aid in forming a team to engage in competition with other schools.

The second semester officers (whose pictures we have omitted not as an act of discrimination but in order to avoid redundancy) were President Jack Rutter, Vice President Bill Olsen, Secretary Liz Metz, Treasurer Alice Olsen and Quartermaster Bill Keel.

OFFICERS: Anna Salmon, President; Darlyn Hartman, Vice President; Pat Yourtee, Secretary; Janet Werne, Treasurer.

WIE VIELE FINGER HABENSIE?

The above headline, so our German language expert informs us, is an extremely difficult sentence which we provide as an achievement test for advanced German Club members. The German Club or Deutsch Verein is open to all students who are taking German or who have taken it. The German Club meets whenever anything of German interest arises.

At the annual German club party, held just before the Christmas holidays, students brought German "goodies" and sang German songs in order to become accustomed to German traditions.

Deutsch Verein programs often consist of talks on German culture and this year Mr. Dyck, the sponsor, who visited Germany last summer has been bringing students up-to-date on Germany's changing quips and customs.

Rounding out a Music Department of unusual activity and proficiency during 1963 was the M-RH Orchestra. The orchestra, under the direction of Mr. John Dolan, is composed of a string section and wind and percussion sections taken from the M-RH band.

Throughout the year the orchestra gave concerts for the public at the high school and also gave special concerts at the district's elementary schools. The orchestra also performed, as did the band and vocal groups in the County Music Festival in Spring.

The music played by the orchestra is generally of a more serious and less contemporary nature than that played by the band with a greater emphasis on classical composers.

SORCERERS APPRENTICES

There is no particularly valid reason for placing these people in the Winter section because their activity, or the lack of it, flows equally throughout the year. These worthies perform vital functions in keeping our great paper shuffling, pencil sharpening, bulletin printing, note passing, card filing, paper clip consuming miracle of bureaucratic efficiency running smoothly and incomprehensibly on through time. Surely no one is more important than the student helper who hands you a cold hamburger in return for your quarter in the cafeteria; or the one who with sadistic grin brings you a note subpoenaing you to proceed to the office and repent your sins or lay bare your soul before the High Priest of the counseling office. We must never forget (or forgive) the services these collaborators perform in keeping the system running.

STUDENT COUNCIL PROVIDES MULTITUDE OF SERVICE

Winter was an active season for the Student Council; one of our largest groups; not only in size but in deeds.

During the Christmas season, the Council again collected canned goods from students for distribution to needy people through the Fats and Leans of Maplewood. Decorating of the school Christmas tree, the selling of Christmas cards, and Xmas card mail service were continued by the Council this year. Student Council representatives also sparked Christmas cheer by caroling at the Maplewood Old Folks Home.

Through the year the Council maintained the Maple Chest, a school store at which a veritable myriad of merchandise is available for procurement from algebraic accessories to asthmatic aardvarks.

S.C. representatives are elected from each of the home room advisory groups and do much of their work by committee for efficiency, even distribution of work.

S.C. PLANS FOR EXCHANGE STUDENT

The Student Council Foreign Exchange Student committee's main objective was to make it possible for a foreign student to come to the United States. The committee helped to raise money and select a home and family for the visiting student.

The American Field Service selects a suitable home for the exchange students. Then a student is sent by the A.F.S. to exchange scholastic, cultural, and social ideas.

WILLIAMS PLACES FOURTH IN STATE TOURNAMENT

LEONARD WILLIAMS, 120 pound senior, went a long way to become the only Maplewood-Richmond Heights wrestler to compete in the state tournament this year. He was victorious in both his first and his second matches in the tourney, but unfortunately, due to a broken finger suffered in his second triumphant encounter, he was forced to withdraw after the semi-finals.

This year the M-RH Key Club was one of the most successful Clubs in the area, and the largest Key Club in the state of Missouri. It is an organization under the auspices of the International Kiwanis; the faculty supervisor is Mr. Charles Schondelmeyer.

The organization sponsored a faculty-student

volleyball game December 12 to raise money to send several needy children to camp this summer.

The club also had a bake sale to raise money to send large baskets of choice fruit and candy to the Senior Citizens at the Maplewood Nursing Home for Christmas.

This year the Key Club All-Stars defeated the fighting faculty 2-1 in the annual Key Club-Faculty Volleyball Game.

The theme of this year's backwards dance, which was held on February 2, was Mardi-Gras.

The gym was transformed into a whirl of color and festivity with balloons, streamers, serpentines, and other gaily colored decorations. Cabinet members of G. A. A. performed a dance in a variety of colorful costumes and the officers bestowed the trophies and the crown when the court was announced.

The boys elected by the G. A. A. members to

serve in this year's court were Scott Nea, freshman Jack; Jack Ping, sophomore Jack; Jim Ford, junior Jack; Glen Huff, senior Jack; and Matthew (Bowie) Aitch, king. Bowie was crowned by Sandy Sajovetz, president of G. A. A.

"An Evening in Paris" was the gay and festive theme of the enchanting 1963 Junior-Senior Prom. Paris seems to enchant and mystify everyone who visits this famous city, and for a night the Juniors and Seniors of M-RH were able to share in this mysterious enchantment which prevailed in the authentically decorated high school gym.

The highlight of this spring evening of March 23 was found in the traditional coronation ceremony which added a touch of formal elegance to the "Gay Parade" setting. Retiring queen Miss Elissa Sheets reigned through the honored ritual and then relinquished her throne to the

newly crowned queen, Miss Sally Costello. She will reign over Paris until next year.

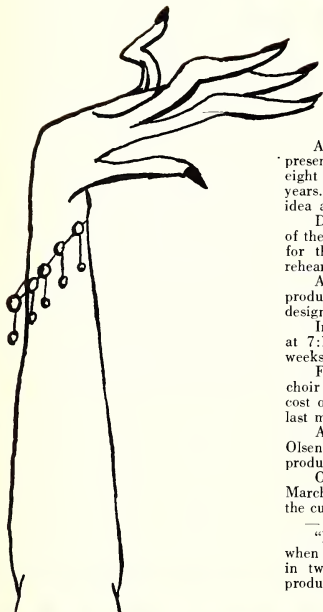

Miss Costello's exciting Parisian court was completed by 18 Junior Class ribbon bearers, six Junior maids, and two Senior maids. The Senior maids and queen are chosen by the Junior Class, while the ribbon bearers and Junior maids are elected by the Senior Class.

Master of ceremonies for the Parisian evening was Ramsey Coates who added a spark of unmistakable professional talent to this long remembered 1963 Junior-Senior Prom.

BYE BYE BIRDIE

At 8:00 p.m. on the evening of March 10, 1963 the curtain rose on the Music Department's presentation of the Broadway musical "Bye Bye Birdie". The raising of the curtain climaxed eight weeks of highly involved preparation for the first M-RH production of this nature in five years. A description of the process by which "Bye Bye Birdie" took shape and grew gives some idea as to the magnitude and ambitiousness of the undertaking.

During the third week of January, the choir began to become familiarized with the songs of the principal characters in "Birdie". This was followed by three nights of after school auditions for the major leads. The selection of minor leads was accomplished during regular choir rehearsals.

A committee of six teachers was formed and met to correlate and delegate the major tasks of production: the training and direction of performers, the providing of instrumental accompaniment, designing and construction of sets, advertising, and typing of programs.

In the third week of production, rehearsals with the principals began. These were conducted at 7:15 a.m. each morning before school and this pattern continued throughout the remaining weeks before the opening.

Four weeks before the presentation, the staging of the large production numbers began during choir rehearsals. The building of the main set, a four room two story house, constructed at a cost of \$300, scheduled for completion in early March got off to a late start and with a burst of last minute activity was completed on the day of the first presentation.

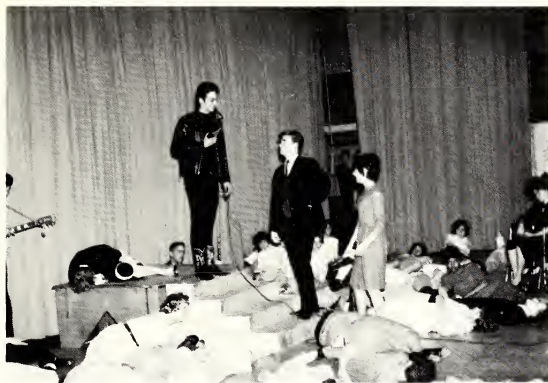

An augmented M-RH dance band with piano accompaniment by Mrs. Joan Haynes and Alice Olsen, was directed by Sam Haynes, vocal music director and mastermind behind the entire production.

On March 4, a series of six major night rehearsals began ending with dress rehearsals on March 11 and 12. And on Thursday, March 14, at 8:00 p.m., the house lights faded to black and the curtain rose on "Bye Bye Birdie."

"Bye Bye Birdie," the story of an attempt to save a recording company from bankruptcy when its star rock 'n roll singer, Conrad Birdie is drafted, played to large and enthusiastic crowds in two performances, March 14 and 15. One hundred students were involved in the actual production. (For further lavish details on "Bye Bye Birdie" see page 112.)

While the vocal music groups were far from inactive before and after the period of time devoted to "Bye Bye Birdie", the presentation of the musical was undoubtedly the outstanding accomplishment and climactic moment of the year for the department.

The unquestionable success of the endeavor revealed the many kinds of values to be derived from such an effort and began to set plans in motion for more frequent and more highly polished presentations in the future. Possibilities for a bi-annual combination of the Senior Play with the musical were discussed; such a combination it was thought would heighten dramatic values and allow the vocal director greater opportunity to concentrate on purely musical aspects.

Obvious benefits to be gained from an undertaking of "Birdie's" stature include gaining an understanding of and appreciation for the techniques of theatrical production on the part of the student participants. But there are even more important, if less clearly visible values.

To Sam Haynes, vocal music director, the greatest value of the production lay in its necessitating the assumption of responsibility by all students involved. In an undertaking of "Birdie's" proportions the

countless responsibilities cannot remain in the hands of faculty advisors, but must be distributed among the participating students, each of whom then assumes a distinct and very real importance to the success of the production. It is in its capacity to aid in the growing maturity of the participating students that Mr. Haynes sees the musical's greatest significance.

Not to contradict Mr. Haynes, but to provide an expanded viewpoint, the annual staff wishes to note a value of the musical perhaps equally important to that mentioned by Mr. Haynes. Certainly it is a value too important to be neglected.

The significance of "Bye Bye Birdie" extended beyond the benefits gained by the participating students to include every member of the M-RH student body. Its production was an event in which each student could take a vicarious pride and from which he could gain a deeper respect for himself, for his fellow students, and for his school.

As an event, the production of "Bye Bye Birdie" motivated terrific enthusiasm in a year of tremendous school pride; as an established institution, the school musical could become an asset of incalculable dimensions.

The Future Teachers of America was designed to help high school students who are interested in teaching learn more about the subject.

Any student interested in teaching as a career may join. Several teachers and others employed in education spoke to the group.

A group of schools participated in a joint F. T. A. meeting at Affton High School. Several aspects of teaching were discussed. A trip to the St. Louis School for the Deaf was planned for the month of April. By taking this type of trip, students are able to see various methods of teaching in practice. Each year, a picnic is held at the home of the sponsor, Mr. Coy. At this meeting officers for the coming year are elected.

Throughout the year, a newly formed organization has been in prominence at M-RH sporting events. This organization is called the Service Corps, and was started by Dr. Del Pizzo. It is "An organization of mature male students whose purpose is to promote, encourage and exemplify good sportsmanship among the student body."

They have acted as ushers, announcers, and have worked

in the new concession stand. But their main purpose at all times is to stress sportsmanship and courtesy to the visiting schools and officials. The success of the club should not be measured by what it has done in terms of actual labor at the games, but more important, in terms of building our status in sportsmanship back to the level to which it once rose.

OUR TOWN

The theatrical aspect of Spring continued as on April 10-11, the dramatics class presented Thornton Wilder's Pulitzer Prize winning *Our Town* as the Senior Play. Unlike past years, when the Senior plays were usually of a light nature, *Our Town* was definitely of a serious nature in that it depicted the essential themes of life as evidenced in a typical small town — Grovers Corners, New Hampshire. The play is famous for its profound theme and its lack of props and scenery.

Beginning in early February, the cast underwent 10 weeks of rehearsal under the direction of Coral Dubry. Sally Costello and Cathy Patterson both played Emily Webb on successive nights opposite Jeff Coates as George Gibbs. Others in the cast played members of the Gibbs and Webb Families and salty New Englanders of Grovers Corners. The plot is universal; it consists of Daily Life, Love and Marriage, and Death. The play continues with the courtship of Emily and George and the general daily life of the people of the town. Emily and George eventually get married and have a child, and "live happily ever after," for a while. A few years later Emily dies in childbirth. A graveyard scene shows the "dead people" sitting on the stage talking as Emily joins them. Emily goes back to live a day of her life over again and discovers that "live people don't understand." Caught up in the petty details of living, they fail to appreciate or comprehend the immense beauty and wonder that fills every moment of life and every shape and form of existence. The people of Grovers Corners, representing all humanity, are so involved in their mundanities and absurd inhibitions that the realization of life eludes them almost entirely.

"Live people just don't understand, do they?"

Due to the unfortunate early final deadline, the 1963 MAPLE LEAVES STAFF was unable to secure team pictures and action pictures of the M-RH baseball team. So we did the next best thing and procured pictures of early spring practice. The

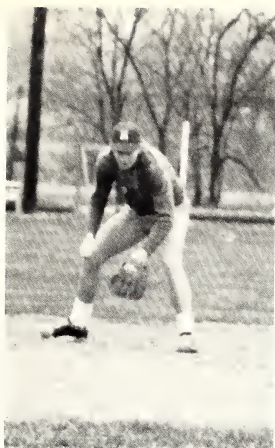

pictures you will find on these 3 pages are of our baseball team's first outdoor practice. We are certain that they will do exceedingly well this year, as they have a myriad of talent. The Annual Staff wishes them well for the coming year.

Jim Scheidt, our southpaw hurler

Bill DeHeer will have many of the pitching assignments for the 1963 season.

TRACK

SENIOR TRACK — ROW ONE: J. Johnson, J. Albrecht, V. Swofford, J. Jennings, S. Winning, D. Aldag. ROW TWO: J. Gilstrap, J. Wamble, S. Schake, C. Done, R.

Coates. ROW THREE: J. Ford, J. Jewell, K. Barker, W. Everson, D. Harding, P. Bagby, L. Gori, G. Rivers. ROW FOUR: Coach Sanders, Asst. Coach Rohlfing, D. Blanner.

Closing out the year's sports activity was the track season with M-RH's varsity and junior varsity track men led by Coach Howdy Sanders and Asst. Coach A. Rohlfing. The track meets begin

in early April and continue throughout spring. The track season climaxes with the Missouri State High School Athletic Association Qualifying Meet and finals and Missouri State Outdoor Meet.

JUNIOR VARSITY TEAM

RACY TRACK MEN

"You know this isn't really my best angle."

"The great bird of prey hovers in the air and emitting his blood curdling shriek prepares to pounce upon his doomed victim."

"I worry a great deal. I feel that people are constantly talking about my posture."

"I've been having the strangest sensations lately. Blood running to the head and all that."

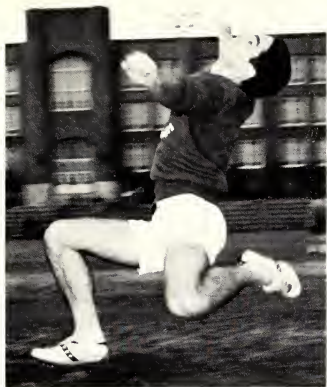

"Smile fellas, there's a guy taking pictures. Maybe he's a scout and it'll mean fame, fortune, glory, a new sweat suit, everything!"

All persons, places and events represented in this book are purely fictional. Any resemblance to actual persons or places is assuredly coincidental. Pictures were taken with the help of well trained robots.

"You back again? Look I don't want to break your heart or anything but I've got to finish practice and get this hub cap back to the car I took it off."

TRACK ACTION

Hey, coach, what do I do when I clear the sand pit?

... ready ... set ...

... throw!

Here, you take it! I'm tired!

Whoops!

GOLF

GOLF TEAM: B. Mills, G. Bechtel, J. Polette, B. Wright, N. McVey, Coach Hanners, W. Mutert, D. Jennings, S. Richardson, D. Feinstein, D. Woodside.

This year the Maplewood-Richmond Heights Golf team showed a considerable increase in membership. Headed by Nelson McVey, the only returning veteran, the golf team has entered tournaments and has done quite well in representing Maplewood this year. The golf team is coached by

Don Hanners and the team includes all those boys who are interested in golf and prefer it to baseball or track. Mr. Hanners states that all boys who show an interest in golf and are willing to compete are eligible for the team if they pass all other school eligibility requirements.

LEGS

(A SOCIOLOGICAL AND ANATOMICAL STUDY IN DEPTH)

Disparaging remarks are frequently made about young America's potential as intelligent, alert, serious minded, energetic and enthusiastic contributors to the ever unfolding greatness of American society. It is to the refutation of these aspersions

that we have dedicated this page. After careful examination of the evidence presented above we dare you to ask yourself the question: Are these the legs of a generation of misfit, apathetic, degenerate, wastrels? We think not!!

THE CHIP

ROW ONE: B. Hobbie, J. Hewitt, J. Bruggeman, S. Sajovetz, S. Costello. ROW TWO: G. Huff, J. Coons, J. Grayson, L. White, J. Walton, B. Mohme, B. Mills. ROW THREE: Cathy Mattingly, J. Coates, J. James, B. Kettenacker.

While the publication of the humorous April Fool edition of the *Chip*, the M-RH school paper, is one of the entertaining aspects of Spring, throughout the year the *Chip* remains an important participant in, and chronicler of, school activity. The *Chip*, published monthly by the journalism class, centers on school and community news, features, and sports.

Enrollment in the Journalism class during the first semester is open to all juniors and seniors maintaining a "B" English average, and preferably those who exhibit a true sense of journalistic values and reportorial zeal. When not engaged in the actual publication of the paper, journalism students study various methods and purposes of periodical publication, gaining a better understanding of the nature of journalistic endeavor which is then applied to the *Chip*.

The *Chip* enables circulation of information to students, faculty, and interested community members. It has been justifiably cited as one of the finest high school papers in the area for its consistently intelligent and accurate presentation of the news.

TWELVE ELECTED TO QUILL AND SCROLL

QUILL AND SCROLL, ROW ONE: Cathy Mattingly, Linda Palmer, Jan Hewitt, Joanne Brueggeman, Barb Hobbie. ROW TWO: Joseph Van Meter, Jamie Hulsey, Jeff Coates, Walter Schwartz, Wayne Willis, Bob Miller. INSERT: Bob Mills.

Spring witnessed the nomination/election of the twelve new Quill and Scroll members. Quill and Scroll is an International Honor Society for High School Journalists. Members are chosen for superior ability and outstanding (or in the case of this year's annual staff perhaps the better word is *unusual* or *weird*) endeavors in high school journalism.

Members are chosen for nomination from the Chip or annual staffs by their respective advisors Miss Joanne Kilsberg and Mr. Robert de Jong. After election members receive gold pins and subscriptions to Quill and Scroll Magazine.

Elected were: (from the Chip staff) Joanne Brueggeman, editor; Jan Hewitt, news editor; Cathy Mattingly, feature editor; Barb Hobbie, art editor; Bob Mills, sports editor; and Jeff Coates, reporter.

From the annual staff were: Jamie Hulsey,

co-editor; W. Carr Willis, co-editor; Bob Miller, layout editor; Linda Palmer, copy editor; Joseph Van Meter, business manager; and Walter (Flash) Schwartz, photographer; each of whom, as well as publishing a yearbook, managed to master the difficult vocabulary of journalistic terminology, becoming adept in using phrases like: "scoop", "exclusive", "Stop the presses!", "Tear out the front page!", "Come on chief give me one last chance, this could be my big break", "I can't retire boys, I've got printer's ink in my blood, I guess", "I promise I won't touch a drop until I've cracked the Bubbles Lishness story", "Great Caesar's Ghost" (in moments of desperation) and other authentic newspaper jargon culled from 1933 movies and Superman t. v. shows.

The grand finale of social seasons in high school everywhere is the Senior Prom. M-RH met this tradition in fine fashion in 1963 as on April 27 M-RH's Senior Prom illuminated the spring evening with the theme of Camelot. The gym was filled with the atmosphere of a medieval castle after the mode of King Arthur's legendary and romantic abode. The reigning monarchs for the evening elected by the senior class were king Jeff Coates, with a royal court composed of 8 senior maids and eight senior jacks.

EPITAPH FOR AN ANNUAL STAFF RUNNER

The Sophomore girl, her glasses smashed, her bones broken, her clothes torn and stained with blood, crawled into the Senior English room. Slowly and painfully she groped her way toward the teacher's desk and with her final breath gasped "Now they want the cafeteria help." Then with a smile on her lips, knowing she had done her duty by God, country, and the 1963 Maple Leaves she passed on to her reward.

Such was the devotion of this annual staff runner. Upstairs, downstairs, running, running, swift as the wind, graceful as a gazelle, faithful as an armadillo; fearing neither the menacing boys gym classes, the compass stabs of the geometry students, or the scornful glares of teachers, gaily disrupting classes to drag Modern Dancers, Student Councilmen, Future Fruit-pickers of America, Tiddily Winksmen, etc. down to the Auditorium to be photographically immortalized all for the price of a dime.

We'll not forget you, Sophomore girl! We'll build a 75 foot tin-foil monument and dedicate it to your loyalty, your devotion, and your extreme stupidity, to give so much for so little. Men will remember and respect your name as long as they remain conscious of such things as goodness, and honor, and hideous 75 foot tin-foil monuments. Rest in peace, Sophomore Girl, rest in peace.

INDEX INTRODUCTION

Note — The Annual Staff wishes to confess that the following index is not thoroughly accurate. In fact, it is something of a phenomenon of accidental and calculated inaccuracy. If you really want to find the places where you were pictured, don't depend on the listing following your name, but look for the page number following the organizations to which you belong. The listing of organizations is somewhat more accurate, but not greatly. If you really want to find yourself, why don't you just thumb through the book several times? Sooner or later you'll find all the places where you are pictured. For compiling this index, the 1963 MAPLE LEAVES staff has won the Perry White—Clark Kent award for meritorious service in bringing disrepute and dishonor upon American journalism. We deserve it!

SAVED FOR POSTERITY'S SAKE

The Volga Boatmen

Hertz puts you in the driver's seat — but sometimes it misses.

At any rate it keeps them off the streets.

SOME NOTES ON KAZOOISM — The Philosophy of Delirium

Life is a search for the kazoo. The search is unknowing and unsuccessful at least in part because no man is a pencil. Man's conscious mind sometimes seems to mistake the kazoo for happiness which is not the kazoo but merely a deformed artichoke. But man's subconscious mind will have no substitutes and drives mankind, a set of rusted bobby pins, relentlessly in search.

Man will never capture the unattainable kazoo but may in the end achieve knowledge which, after all, is a sliced tomato.

Note — If at this point the reader is confused, take heart, so is the author.
